ABOUT US

Law is powerful.

Our Firm offers expertise in all areas of Azerbaijani law, including the Alat Free Zone law and other local laws, relevant to businesses, governments, not-for-profits, and individuals with interests here in the cross-border and domestic contexts alike.

ABOUT US

Cross-Border Experts

At Bureau 28a, with the focus on providing best local law and practice advice, we assist those entering, already present, interested in, or exiting the market.

Likewise, we assist those in Azerbaijan investing abroad.

We also bring international best practices to those on the ground in Azerbaijan.

ABOUT US

Extensive Experience

Our lawyers have been accumulating their expertise along Azerbaijan's path of evolution, from a newly independent jurisdiction opening to the world to an accomplished self-reliant investor and a host in its own rights.

We have assisted new entrants into the Azerbaijani oil and gas production and transportation and power markets, supported local corporates with their first acquisitions and investments outside Azerbaijan, and represented local institutions aspiring to meet best international standards.

ABOUT US

Full-Service

Our expertise extends to areas such as employment and labor laws, contract law, migration, intellectual property, antimonopoly, and tax and customs laws.

We advise on corporate acquisitions (mergers and acquisitions, M&A) and reorganizations.
